4 Leadership Dilemmas and How to Manage Them Perfectly ...

Also known as the Managerial Grid, or Leadership Grid, it was developed in the early 1960s by management theorists Robert Blake and Jane Mouton. It plots a manager's or leader's degree of task-centeredness versus her person-centeredness, and identifies five different combinations of the two and the leadership styles they produce.

Developed by Robert R. Blake and Jane S. Mouton, The Leadership Grid® provides a framework for understanding types of leadership. The grid consists of two behavioral dimensions: Concern for production; Concern for people. Blake and Mouton characterize five different leadership styles according to the varying emphasis on each of these two dimensions (with a range of 1 to 9 on each continuum), as illustrated in the table below.
